

## Class Rule Change – 2/3/22

On February 3<sup>rd</sup> 2022, the C420 Board of Directors voted to amend the class rules as highlighted below. As technology continues to evolve and our everyday devices become more and more capable, our class rules will also evolve to keep an even and fair playing field for all of our sailors. This change eliminates the use of GPS tracking watches and GPS tracking cameras, and goes into effect immediately. If you have any questions about this rule change, please contact the class measurer Dan Bornarth [measurer@club420.org](mailto:measurer@club420.org), or Executive director Dillon Paiva, [ed@club420.org](mailto:ed@club420.org).

### [C420 Class Association Class Rules](#)

#### Personal Equipment- OPTIONAL

- C.3.8 One compass and bracket may be mounted to the mast no holes are cut or drilled in the buoyancy tanks or spars. A compass may not be installed in an inspection hatch cover. If electronic, only a compass with heading, heading memory, and timing functions is permitted.
- C.3.9 The only electronic devices allowed on board while racing are as follows: a digital timing device, electronic compass and a camera. Any electronic device that uses position tracking or has position tracking capability is specifically not permitted unless specified in the Notice of Race or Sailing Instructions.
- C.4.0 Clips, ties, bags or similar methods for stowing gear (such as water bottles) may be used provided they do not require holes in the buoyancy tanks or spars.
