

Club 420 Association

Special Digital Vote for Resolution to Approve “Devoti” as a new Builder

March 28, 2015

An electronic vote was held by the Board to recommend a new builder for the class.

Kyle Assad moved to recommend Dovoti as a new builder. It was seconded by Tim Cornell.

The recommendation was based on the following:

Chris Souza's report of March 20, 2025:

"I just completed the measurement of the Devoti 420.

In Attendance:

Simmons Boatworks - Rob Simmons, Carson Turowski

Zim Sailing - Sam Patterson, George Yioulos

Devoti - Chris Caledecoat

US One Design - Trisha Leaver, Tristan Story

I want to thank ZIM for the use of their scale and a couple of their Jigs.

Measurement went very well. The boat looked great with an excellent level of fit and finish. Everything measured within spec and passed all go/no-go criteria. Based on this measurement, along with the previous measurements that resulted in the scanned hull and materials confirmation, I can recommend Devoti for full approval as a builder. Attached is the measurement sheet that I used, which is consistent with the approval of the Simmons boat in 2020."

The Vote was 11-0-2 on Friday March 28, 2025 at 5:00 pm EST.

A full report from Chris Souza is also part of this record.
