

2019 C420 San Francisco Training Camp
July 6-8, 2019
Peninsula Youth Sailing Foundation
Redwood City, CA

This training Camp is meant for any c420 sailors who want training in breeze! The coaches will be working on speed, Boathandling and starting in big breeze, current and waves to get ready for the 2019 C420 North Americans at St. Francis Yacht Club.

Location:

This location is ideal for training for North Americans with plenty of breeze, waves and current. There are areas to be protected in too so it is a great venue to ease into the big breeze. Redwood City is down in South San Francisco Bay in Silicon Valley. There is lots of space for trailers, coaching etc... PYSF is the host and will be running their own c420's, they will have 14 boats getting ready for North Americans so it is a great group to join.

Coaching:

John Vandemoer, C420 class Executive Director, will be the camp lead and will be the main contact. We will have as many coaches as needed depending on the size of the group.

Contact John: ed@club420.org

Registration:

Will be on Regatta Toolbox. Registration deadline will be July 6th. Registration is \$600.00 per boat. The cost includes, coaching, boat storage, lunches and snacks, water.
